Re: Comments from State Historic Preservation Office on Designation Report for Stough-Cornelius/Potts Barber Shop Building, Cornelius

By email dated March 26, 2021, SHPO staff provided feedback based on their review of the Designation Report for the Stough-Cornelius/Potts Barber Shop Building. In summary, the issues raised included the following:

- Greater specificity as to the condition of the storefront transoms and fenestration; and
- Greater specificity as to the nature of the plywood infill and condition of fenestration on the rear elevation.

Following review of the Designation Report and the SHPO feedback, the HLC staff revised and updated the Designation Report to address the issues raised.
