Re: Comments from State Historic Preservation Office on Designation Report for the Savona Mill, Charlotte

By email dated August 25, 2023, SHPO staff provided feedback based on their review of the Designation Report for the Savona Mill. In summary, the issues raised included the following:

- Supplemental information as to changes made to the mill building since its 2014 National Register listing; and
- Further specification as to the interior features to be included within the landmark designation.

Following review of the Designation Report and the SHPO feedback, HLD staff (including the consultant working with the applicant) revised and updated the Designation Report as needed to address the issues raised.
