

HLC Commissioner Attendance Policy

01-13-2025

Due to the importance of maintaining a quorum, and to the time-sensitive nature of the issues addressed by the HLC, Commissioners are expected to attend all of the Commission meetings, if they are able.

65% attendance is required to remain a Commissioner.

75% attendance is required to be reappointed once the current appointment is completed.

Commissioners are expected to attend all Commission meetings in-person. If unable to attend in-person, Commissioners will be allowed to attend two meetings virtually during each year of their term. Remote attendance will count toward the required 65% attendance, and Commissioners will be allowed to present and discuss some issues. Commissioners attending remotely will **NOT** be allowed to vote, be counted towards the quorum, take part in quasi-judicial proceedings, or participate in closed sessions.
