Comments on the Preservation and Reuse of the Historic Torrence-Lytle School – September 12th Meeting

(1) If the go/no-go decision is "go", do you commit to doing it ALL - not stopping after building A, etc.

(2) This preserves the buildings but, does it preserve the Black history? Preference to ~~Black~~ Black Vendors, residents, etc. Black Film/Theater. Intentional Community?

(3) Local Entertainment Venue

I'm white & I grew up in the north. Learning about Pottstown as a real thing that happened & has been Preserved as a community. They deserve to still be visible & as a Legacy.

What about Library services?
Can there be a preference for
Pottstown residents?
Parking is a concern.

Is there an option to operate the grocery store as a CO-OP with a focus on local farmers as well.

Can any of the 900 sq ft units be enlarged at all to make them 1200 sq ft units?
